

## Müller + SAHM

- Long-time experience
- References all around the world
- Global service network
- Broad range of applications
- Flexible customized solutions
- Technological support
- Optimal cost/performance ratio

## Advantages:

- Space saving compact design – unwinding station and slitter integrated in one frame unit
- Smooth material handling through an axially operating edge guiding control
- Quick product change-over by means of a flexible slitting cassette system
- Wide range of applications using either a horizontal or vertical yarn path
- Intuitive and user friendly operation interface

## Applications:

- PP, PE, and PET tapes, aluminium composite film, rubber bands, Teflon tapes, single- and double-sided adhesive tapes, paper tapes, hologram and security strips
